Lost Woman Blues

Motörhead

I think I'm going crazy Just about to lose my mind

I think I'm going crazy Just about to lose my mind

You know my woman left me all alone Enough to make a man go blind

I've got to shut the door behind me Go out and buy some highway shoes

I've got to shut the door behind me Go out and buy some highway shoes

'Cause I swear I'm sick and tired Singing these Lost Woman Blues

Shake it up

Woke up this morning All my life was broken down

Woke up this morning All my life was broken down

And if I'm gonna find that woman I'm gonna have to leave this town

Неу

Gonna bring her home

A bad situation Ain't gonna bring me down

A bad disputation Ain't gonna turn me around

I woke up with morning

All I could do is moan

One man use her One man abused her She took it out She took it out She took it all out on me
