

## Vanishing Point

Motorpsycho

spawned - by the clashing of day and night  
dawn - seeing beauty for the first time  
thorn - in the side of the bourgeois mind  
born - to be one, to be of my kind  
light - and I shine in the  
light - and I'm home in the  
light - and it's clear in the  
light - and I fade in the night

glow - in the glow I am big as life  
flow - in the flow I cut like a knife  
speed - at this speed I am god amongst men  
wheel - 'hind the wheel I have found my zen  
light - and I shine in the  
light - and I'm home in the  
light - and it's clear in the  
light - and I fade in the  
light - and I shine in the  
light - and I'm home in the  
light - and it's clear in the  
light - and I fade in the night
