

## Clear Moon

Mount Eerie

Lost in a fog  
Groaning an ode to a clear moon  
An empty song  
A flash of light in the storming  
Dawn  
Remembered  
As a blade  
A stream  
Cutting  
The world awake  
The only light:  
Imagined clear moon in a black sky  
A distant bell:  
Imagined clear moon in a black sky  
Through a wall of fog:  
Clear moon remembered  
I breathe in  
Imagined clear moon in a black sky
