MOUNT WESTMORE

This is mobish  
I'm speeding, scooting  
Russian, but I ain't Putin  
Got my yeti in a baseball bat duffle  
Yeti mean fetty nigga hustle  
This slap right here get ya ass in trouble  
Make a freaky chick wanna cuddle  
Smoking big lettuce blowing hella up with that  
In a cutlass same color as Nutella  
Mafia Marlon Brando  
Gotta stay strapped up with that armor piercing ammo  
Bank roll swole like a busted lip  
I knew he was a sucker off the rip  
If the plan work work the plan  
Whatever you do protect ya brand  
Never let a broad be the reason  
That you turn on ya folks partner that's treason

You don't get it  
I told you what to do  
But you ain't with it  
You said it ain't true  
You non believer  
You a sucker for a bitch, but I don't need her  
If I'm rapping or I'm driving its all gas  
Everything I do you know I mash  
I turn em out quick I'm so fast  
I don't need another bitch  
I kick back and count cash  
If you don't understand how I made it  
Every move I made was calculated  
Everything I say before I say  
I take my time its all premeditated  
I put the game on my life that's all I ever need  
Stuck in my ways I'm a real OG  
Its a east coping I'm come from it  
If I come around better keep it 100

I mash like potatoes but I'm macaroni

Remember when I used to eat fried bologna  
A San Fransisco treat rice-a-roni  
Pimp shit Goldie verse pretty Tony  
I used to sleep on the couch like that nigga jay jay  
Learned my hip hop from 1580 kday  
Once twice three times a lady  
I did a movie with smokey and one with day-day  
I used to watch mash while I did my home work  
Now I gotta mash cause I got my own work  
Never get to big for ya bridges  
Concentrate on ya riches not ya bitches  
Sit vicious, yup I get malicious  
Scarface, no more doing dishes  
If you see me put these up  
I beat you down I don't ease up (ease up)

Let the homie night knight you  
Ol mark ass no bite off bark ass  
Never bang never been on a war path  
Wrong nigga to fuck with now shit bout to go bad  
Tough talking now his foot got a toe tag  
Shit about to get ugly  
Nigga leaving here bloody  
I don't mind stretching niggas out Lay you out next to ya cuddy  
Niggss crossing that line  
Now ya lil bitch crying  
That 9 millie got a kick to it but it don't hit ya like mine  
Ak with a scoop on it  
Calm down nigga don't want it  
This ain't no place to hang around  
Now ya neck got a rope on it  
Shot gun pump on it  
Pump one face off

Serving niggas like a bake off
