More jewelry than a judge caught me, Iceland (Iceland)  
I'm crackin' like the clash of the titans  
Two bitches give me head, while I'm drivin'  
I kick a nigga ass with my left foot  
But slap the shit out a nigga with my right hand  
Uh, she said it's too big  
Damn, nigga, you knocked off two wigs  
I had to say I'm sorry  
Little red Corvette, now it's a Ferrari  
We don't want her, take her back, come get her  
We keep goin', like some old-ass young niggas  
Smoke too much, fuck too much  
We havin' too much fun, but it's not enough

I do it too big (God)  
I do it too big  
I do it too big, too big, too big  
I do it too big, too big, too big

I've been in the game for a while (For a while)  
They love me in the Bay and Southern Cal' (Southern Cal')  
Rappers suck up on my game like I shot one  
Twenty-plus years, yeah, I'm legendary  
Always go big when it's necessary  
You doin' what? I'm smokin' on that Cali'  
When I'm pullin' up, certified, chew enough  
Here I come, return of the show gun  
I'm a giant, fee-fi-fo-fum  
I'm defined, you a client  
You still a customer, we in a riot  
If you need one of us, it's like heaven  
You wanna hang out with a legend  
If you meat all four, you might poop

You think you cool enough to smoke with Snoop?

I do it too big (God)  
I do it too big  
I do it too big, too big, too big  
I do it too big, too big, too big

I do it too big  
I do it too big, too big, too big  
I do it too big, too big, too big

Too much game for the brain (For the brain)  
I can sell the stock exchange from change (Change)  
Subtract, I own three or four different strands (Different strands)  
You can find me at the shootin' range (Shootin' range)  
Bigger pants with bigger pockets  
To hold a nigga stash and a couple rockets  
Just in case a nigga wanna try the Dogg  
Catch him in the mornin', while he tryna jog  
And if we catch you in the mornin', it won't be a warnin'  
It might be a doorman, nigga, we important  
Extra large, wide as the boulevard  
Both park, blow you out like a petty guard  
You fuckin' up if you think I'm lame  
I got it, you ain't gotta give me game  
Tell 'em, slow your roll, calm down  
You got a studio? We got compounds
