

Bounce

Mousse T.

Let me see you bounce
Don't over pound muscle rounds
Let me see you bounce
Bounce, baby bounce

The question is, what are we here for?
An exceptional difference, why ask for more?
Don't under estimate, this here is real
(So real) our personalities do not appeal (they do not appeal)

Let me see you bounce
(Hey!) Over pound muscle rounds
(Hey!) Let me see you bounce
(Hey!) Bounce, baby bounce

Bounce, baby bounce
Oh, yeah, bounce, baby bounce
Bounce, baby bounce
Oh, yeah, b-b-b-bounce baby bounce

Lend me just one ear
Make it go thee circle
When the clock hand heats in the wall (tik tok tik tok)
What would be this worth?
Come and overwhelm me
Paint what you like (paint what you like)
Try not to speak, it's a moment to life (moment to life)

Let me see you bounce
(Hey!) Over pound muscle rounds
(Hey!) Let me see you bounce
(Hey!) Bounce, baby bounce
(Hey!)
B-b-b-bounce, baby bounce

So fascinated wish of life we live
Bring in some clarity to to deal with all this
There's no reason why we can't confront this
Crash on my symbols, make it loud and like let's live
Come and overwhelm me, paint what you like
Try not to speak it's a moment to life (moment to life)
Don't under estimate this here is real
Our personalities do not appeal (do not appeal)

Let me see you bounce
(Hey!) Over pound muscle rounds
(Hey!) Let me see you bounce
(Hey!) Bounce, baby bounce
(Hey!) Let me see you bounce
(Hey!) let it out let it out
(Hey!) Let me see you bounce
(Hey!) Bounce, baby bounce

Give it to me, baby
Bounce, baby bounce
Give it to me honey
Let it out let it out

C'mon baby, every ounce every ounce
Every ounce
