

Do the Same Thing

Mousse T.

If I could recover
I know that you would do the same thing
To separate the lover
Come back to my spring
In the dead of winter
Life could be the same for you too
Open up to one another
Begin to cut loose

I know what you're thinking
I know what you want
I guess I've been dreaming
I'll give my own from the start
If you come back to my heart

These sentimental pictures
Remember how it used to be
I was made to take her
To change and lately
What we tear apart now
We can mend it if we choose to
And give ourself a new union
Begin a take two

I know what you're thinking
I know what you want
I guess I've been dreaming
I'll give my own from the start
If you come back to my heart
I know what you're thinking
I know what you want
I guess I've been dreaming
I'll give my own from the start
If you come back to my heart

[illegible]

(I know, I know, I know, I know)
(I know, I know, I know, I know)
(I know, I know, I know, I know)
(I know, I know, I know, I know)
(I know, I know, I know, I know)
(I know, I know, I know, I know)
(I know, I know, I know, I know)
(I know, I know)
