

# Monotony

Mousse T.

Too many moments  
Continually  
Same old relationship  
Repeatedly  
Still duplicating  
So dé ja vu  
Sequences stuck in time  
Monotony

An action replay  
Identical twins  
A photocopy  
Once again  
Same scenario  
Well I suppose so  
Shackled to boring life's  
Monotony

Spread your wings and fly  
Cross the boundaries of our heart  
Monotony  
Can't you see  
It's killing you it's killing me  
Monotony

Recycled anger  
And plastic smiles  
Pattern of splendor  
Bonafide  
Ancient history  
On a merry go round  
Repeating like grains of desert sand  
Monotony

We take one step forward  
And one step back  
Predicted the motion  
Hypnotised  
Exactly same time  
We both grew cold  
Reminder of unexpected love we found

Spread our wings and fly  
Cross the boundries of your hear  
Monotany  
Can't you see  
It's killing you it's killing me  
Monotony  
Now we face what feel  
As we reach the stand still phase  
Monotony  
Can't you see  
It's killing you it's killing me  
Monotony
