

Up for That

Mousse T.

I want to feel your mountain over me
I got a thousand places we could be
I want to hear you saying things to me
Baby, baby
Ah ow, ah ow

It doesn't matter what clothes you wear
A little later honey we'll be bare
Let's go surfin' through the milky way
Hey, hey
Ah-ow, ah-ow

'Cause I'm
Good time kind of girl
I'll teach you about my crazy world
It ain't too hard to learn
Ah-ow, ah-ow

You could be wrong
You could be right
It's alright
I'm up for that

We could go left
We could go right
It's alright
I'm up for that

You could be wrong
You could be right
It's alright
I'm up for that

We could go left
We could go right
It's alright
I'm up for that

I wanna meet you at the highest peak
I know exactly how to make you free
We take you down to the break of dawn
On and on
Ah-ow, ah-ow

There is no shame about the way we feel
I see you glow and so I know it's real
'Cause you
(Toi)
And me
(And moi)
Belong
Ah-ow, ah-ow

You could be wrong
You could be right
It's alright
I'm up for that

We could go left
We could go right
It's alright
(It's alright)
I'm up for that

You could be wrong
You could be right
It's alright
I'm up for that

We could go left
We could go right
(Right)
It's alright
(It's alright)
I'm up for that

'Cause I'm
Good time kind of girl
I'll teach you about my crazy world
It ain't too hard to learn
Ah-ow, ah-ow

You could be wrong
You could be right
It's alright
I'm up for that

We could go left
We could go right
It's alright
(It's alright)
I'm up for that

You could be wrong
You could be right
It's alright
I'm up for that

We could go left
We could go right
(Right)
It's alright
(It's alright)
I'm up for that

[illegible]

I'm up for that

I'm up for that

I'm up for that

I'm up for that
