

Deep Red

Movements

Soft skin, hard stare
It feels wrong, but all's fair
I try, but I can't seem to look away and you don't care
Instead, you meet my steady gaze and we go from there

Stay up all night
Real love for the first time
And I can't tell if this is all a dream or if I'm really here
But as long as I can feel you, I don't really care
I don't really care

Can we pretend like it's just you and me?
I wanna act like I can feel something
And you don't have to give it back to me
'Cause I can't promise much of anything
I see in shades of grey, I'm going blind again
But when it comes to you, my world is red
I see in shades of grey, losing my mind again
'Cause when it comes to you my world is deep red

Cold skin all the time
Idle hands so you hold mine
Say it helps with keeping you together and you hold tight
I'm losing feeling in my fingers but I don't mind

Stay up all night
Real love for the first time
And I can't tell if this is all a dream or if I'm really here
But as long as I can feel you, I don't really care
I don't really care

Can we pretend like it's just you and me?
I wanna act like I can feel something
And you don't have to give it back to me
'Cause I can't promise much of anything
I see in shades of grey, I'm going blind again
But when it comes to you, my world is red
I see in shades of grey, losing my mind again
But when it comes to you my world is deep red

Dive into you
(And open the blinds)
Take all of me
(You become my guide)
Make me brand new
(To live through your eyes)
So I can finally sleep
(Deep red at sunrise)

I see in shades of grey
And I'm going blind
I'm dreaming in the day
And I've lost my mind
Am I asleep again?
I can't clear my head
Cause when it comes to you, my world is red
My world is red

My world is
