

## The Earth And The Sun

### Moving Mountains

Take your hands away from your face  
So I can see everything you are  
And everything you've been to me  
Something you don't wanna be  
Something you don't wanna be

You, you're like the sun  
And I am earth  
Together we're one  
But someday your fire will die  
And I'll grow cold without sunlight  
And I will die, baby  
And I will freeze
