

Amazed

Mozella

Your picture is on my wall
It helps me remember you
And I recall
How I'm amazed
I still love you the same
Yeah, I'm amazed I still love you the same

I still remember the shape of your hands,
The times when you'd walk with me
And make me laugh.
And I'm amazed at how much we've changed
Yeah, I'm amazed I still love you the same

Each night I see you in my sleep
And I'll always dream that you're here with me
And I'm amazed I still love you the same
Yeah, I'm amazed I still love you the same
Yeah, I'm amazed I still love you the same
