

Exception

Mozella

I don't care 'bout what's her name,
You're the only spect that I claim,
I'm just trying to figure out
Why you need every girl in the world to love you.
I don't care about right and wrong,
I just want you to come home.
How hard is it to understand
That my time's beating fast in the palm of your hands?

So baby, take a look at me now,
I'm crying and I got no way out
If you give me just a little more love and affection
I'm willing to make an exception, willing to make an exception,
Willing to make an exception, an exception.

Don't push me to the limit again,
I swear that I'm about to say when.
You're nothing like you used to be
And I love you so much that it's changing me.

So baby, take a look at me now,
I'm crying and I got no way out
If you give me just a little more love and affection
I'm willing to make an exception, willing to make an exception,

Willing to make an exception, an exception.

Oh, I, I just can't live without your love,
Don't know why, I just can't live without your love
So come on and stop that now
Baby, don't let me down, no, no.

Baby, take a look at me now,
I'm crying and I got no way out
If you give me just a little more love and affection
I'm willing to make an exception, willing to make an exception,
Willing to make an exception, an exception.
You know, you know, I'm willing to make an exception.
So baby, take a look at me now,
I'm crying and I got no way out
If you give me just a little more love and affection
I'm willing to make an exception, willing to make an exception,
Willing to make an exception, an exception.
I'm willing to make an exception...
