

4 A NECKLACE

Mozzy

He's closer than you know, oh (You crazy, Jaywavy)
All you gotta do is believe
He's standing there with open arms
All you gotta do is believe (Let the beat ride out, Ju)

If I told, would you still love me like them other niggas?
I ain't think so either, that's why I'm never snitchin'
Them type of things you boys'll never witness
'Cause I go lay down in that cell like it was heaven-
sent, they better miss me
Ain't lost a dollar on his brother, he been bettin' with me
Just slap a nick on every bag and that's an extra fifty
When it was smoke, I never left the bity
I had business to stand on and as a man, I stood
Pull up on me with your blam, you good, you with the thugs
Real street niggas shouldn't pay attention to subs
Real street niggas ain't associatin' with duds
Fingernails dirty, got it out the mud, that's how my life is
Waist-deep, it's way different from you divin' in
If we don't get 'em, we gon' try again
If she got drops, drive-by it then
And we ain't worried 'bout them rentals y'all been hidin' in
We gon' find him

It be like I don't get to rest
Knew the NBA wasn't fuckin' with me with them checks
From there, it's been the set
Utilize your yeeky if you niggas is upset
Feel like you a threat? 'Cause I don't think you threatenin'
Show them boys the world, you gotta get out here and fetch it
You know what you gotta do from now on for a necklace
Tell me 'bout your birthday comin' up, you need a present
'Cause you know what you gotta do from now on for a necklace

Yeah
Nigga, you know what you gotta do from now on for a necklace
Gotta spill blood behind these VS1s, young

It be like I don't get to rest
Knew the NBA wasn't fuckin' with me with them checks
From there, it's been the set
Definitely gon' step
Definitely gon' total out this load, it's time to wreck
Same jersey, Mitch' and Ness
Just a different era
They say the bity back on fire like that ain't been apparent
We come from drug-infested homes and hella single parents
Forever fours, death the only way I'll leave this marriage
We still livin' careless

It be like I don't get to rest
Knew the NBA wasn't fuckin' with me with them checks
From there, it's been the set
Utilize your yeeky if you niggas is upset
Feel like you a threat? 'Cause I don't think you threatenin'
Show them boys the world, you gotta get out here and fetch it
You know what you gotta do from now on for a necklace

Tell me 'bout your birthday comin' up, you need a present
'Cause you know what you gotta do from now on for a necklace
