

ACT A FOOL

Mozy

Move, we gon' act a fool
I ain't been asleep in two days off these blues
I'ma put a wig on a pig, see what it do
We ain't pullin' over for no blues, hot pursuit

Move, we gon' act a fool
I ain't been asleep in two days off these blues
I'ma put a wig on a pig, see what it do
We ain't pullin' over for no blues, hot pursuit
Niggas not welcome on this side, it ain't bool
Shooters with me now, I ain't gotta call of Uz', got the Uz'
Really one of them niggas, thought you knew
We gon' get it done and make that nigga mama move
Yellin', "Truce" (Move)

They gon' step behind my name, they been steppin', that ain't change
Either slide or you ain't gang, that's how the gangstas feel about it
We will believe you'll die but we won't believe you'll kill about it
And I don't mean no harm at all, just bein' real about it, ayy
Quote me on that one shit that I told you 'bout he suckas
My location on the fly, niggas pussy, they ain't bomin'
Got the nerve to say I'm runnin', bitch, that ain't addin' up
Premeditated confirmation, they gon' bag you up
Balaclavas, skeezies type of vibes, we maskin' up
Your dead one in that wood, I told that nigga, "Pass the blunt"
Oh, it ain't hittin'? They slide, we doubled back, you know we trippin' (Tri
ppin')
Fox 40 tell you how we flipped 'em double digits
Nigga, ooh

Move, we gon' act a fool
I ain't been asleep in two days off these blues
I'ma put a wig on a pig, see what it do
We ain't pullin' over for no blues, hot pursuit
Niggas not welcome on this side, it ain't bool
Shooters with me now, I ain't gotta call of Uz', got the Uz'
Really one of them niggas, thought you knew
We gon' get it done and make that nigga mama move
Yellin', "Truce" (Move)

It's so excitin', turnin' down no beef, what I look like?
We gon' take your whip for a spin if it push right
We been sittin' on these niggas crib, shit, it's midnight
Talkin' reckless but this iron get a nigga shit right
Talk a good game but we know he not livin' life
That's a automatic blitz if I send a kite
Left him on the asphalt, that's where he spent the night
I'm 5'7'', but this choppas with me 6'9''
Berry, errry, scary rats, shit'll give the clique time
Popped his ass up, shit, it's like the sixth time
Don't ever make a statement, pussy, sit and be quiet
All I hear is sirens, my young niggas wildin', they ignant

Move, we gon' act a fool
I ain't been asleep in two days off these blues
I'ma put a wig on a pig, see what it do
We ain't pullin' over for no blues, hot pursuit

Niggas not welcome on this side, it ain't bool
Shooters with me now, I ain't gotta call of Uz', got the Uz'
Really one of them niggas, thought you knew
We gon' get it done and make that nigga mama move
Yellin', "Truce" (Move)

Dawg, I'ma knock 'em off
I ain't been to sleep at all off these Adderalls
Don't call 'em niggas, if I do, then I know who to call
And that nigga gon' stick around and watch the body fall
We gon' squeeze until he lean, I got shooters on my team
They gon' burgundy your tee, they gon' do that over me
We gon' keep it in the streets, bitch, you ain't gotta ask
Niggas gettin' on your ass, really trippin' 'bout the bag
If they swallowed me right now, would anyone trip like Digga?
Exactly what I thought, bitch, you ain't really my nigga
Think I'm murderin' my feelings, I be hurt about my niggas
You ain't heard of in these streets until you burnt a couple niggas
You hear me?

Move, we gon' act a fool
I ain't been asleep in two days off these blues
I'ma put a wig on a pig, see what it do
We ain't pullin' over for no blues, hot pursuit
Niggas not welcome on this side, it ain't bool
Shooters with me now, I ain't gotta call of Uz', got the Uz'
Really one of them niggas, thought you knew
