

Again & Again

Mozzy

She don't want me fuckin' on her friends but I don't care, yeah
Just poured a four but well aware
There's too much blood spilled for anything that they repaired
That's just how it is ain't finna cry about what's fair

Shit that I be doin' make it hard to sleep
Fuck how they dress it up niggas ain't hard as me
Whatever they charge y'all they don't be charging me
Again and again, we cop again and again, yeah
Pebble Beach is like my rib that shit a part of me
You ain't my nigga like you think if you ain't starve with me
Gotta pour up four more to get my heart to beat
Again and again, pour up again and again, yeah

Uh
Late night tryna to find a nigga
That was back when Live Wire and them were supposed to sign a nigga
I ain't call that hit when doggy blitzed ain't gotta lie to niggas
We don't claim attempts I do skits and really fry a nigga
You know how I'm slidin' bout it
Damn near lose my mind 'bout it
Big boned Bentley I'm exquisite in this wide body
Drive it like I got the pink
Tell them pussies talk is cheap
Never turn my back on kill bill he did a lot for me
I can't let you dud out lil Diego he let off shots with me
Love you Auntie Nitta all her boys was on the block with me
Reckless in the bommentary section niggas bomedy
Caught you with a pole you on parole and said they dropped the yeek, woah

Shit that I be doin' make it hard to sleep
Fuck how they dress it up niggas ain't hard as me
Whatever they charge y'all they don't be charging me
Again and again, we cop again and again, yeah
Pebble Beach is like my rib that shit a part of me
You ain't my nigga like you think if you ain't starve with me
Gotta pour up four more to get my heart to beat
Again and again, pour up again and again, yeah

Aye, blood forever in my favor for that shit he did
Set it down ain't say a word even though he miss his kids
Attorney paid in full I hope this lifts his spirits
If blood a rat then kill his ass we ain't gon' interfere
Niggas weird
Fallin' short of greatness is my biggest fear
The clip is clear
Rapidly unload it watch it disappear
Been this for years
Slappin' Uzzy Snubbz while I'm switchin' gears
I'm a trophy for these suckas I be in them mirrors, uh
If it ain't a paid appearance ain't got no business there
Millionaire
50 in these 'Miri's barely fit in there
Send the low low where you want em
We gon' get em there
Overnight switch up on distributors when overpriced
Ahhh

Shit that I be doin' make it hard to sleep
Fuck how they dress it up niggas ain't hard as me
Whatever they charge y'all they don't be charging me
Again and again, we cop again and again, yeah
Pebble Beach is like my rib that shit a part of me
You ain't my nigga like you think if you ain't starve with me
Gotta pour up four more to get my heart to beat
Again and again, pour up again and again, yeah
