

Ain't Worried

Mozzy

You know we got them jumpers like Gotti
They just booked my brother for a homi, I'm tryna tell him I got him
Willing to blow a bag on my akhi
He was present, all they had on akhi on top of that other body
Spunky in the trenches, it ain't Charlie
Head where I land, I need a wiley, call all them niggas that got 'em
Waki break seals so I bought him
They say he accurate with it so I brought him
Salute when you see the posse
Keep a chopstick for the hibachi
Know I'm willing to die behind the Mozzy, operation kamikazi
Pure black hearted, black Nazi
We gon' double back on niggas, properly kill you behind this property

New chain, new baby, new chopper
New wrist, new loaf, new bitch
Got a, new plaque, new stick
Hear them niggas talkin' crazy, we ain't worried 'bout shit
We ain't worried 'bout shit
We them niggas gettin' rich, we them niggas on shit
We ain't worried 'bout shit
I'm gon' keep on getting money, keep on talkin' my shit

We the ones doin' you, them niggas talk crazy
Let them niggas talk down, they gon' run into the navy
We the ones brought the light to the city
Disrespect, fuck around and lose your life in the city
We the richest niggas in the city
In these streets still gotta keep a semi in the city
Glock-19 when I'm sliding in the hemi
Had the MAC, these niggas had me, so I'm slidin' in the Bentley
Slidin' in them rentals, niggas talkin' out they dental
All these motherfucking diamonds make my chain look like a skittle
Get hit with this missile and your mama gon' miss you
I'ma motherfuckin' legend, Michael Jackson with a pistol

New chain, new baby, new chopper
New wrist, new loaf, new bitch
Got a, new plaque, new stick
Hear them niggas talkin' crazy, we ain't worried 'bout shit
We ain't worried 'bout shit
We them niggas gettin' rich, we them niggas on shit
We ain't worried 'bout shit
I'm gon' keep on getting money, keep on talkin' my shit

New chain, new baby, new chopper
New wrist, new loaf, new bitch
Got a, new plaque, new stick
Hear them niggas talkin' crazy, we ain't worried 'bout shit
We ain't worried 'bout shit
We them niggas gettin' rich, we them niggas on shit
We ain't worried 'bout shit
I'm gon' keep on getting money, keep on talkin' my shit
