

# Behind Them Walls

Mozzy

Behind the walls I was missin' all my dawgs yeah  
But I ain't call cause nigga be missin' all my calls yeah  
Reciprocate the part I risk it all for y'all and every time I gotta bag  
I split and spent it all witchall yeah  
Behind the walls I was missin' all my dawgs yeah  
But I ain't call cause nigga be missin' all my calls yeah  
Reciprocate the part I risk it all for y'all and every time I gotta bag  
I split and spent it all witchall yeah

Ayyy all aboard black 'xedos we in Tommy Ford  
The HOA a couple bands ain't gotta lock the door  
Pick up the line like whatchu want what niggas callin' for?  
You hurt my feelin's when you switched cause we from off the porch  
Let yo lawyer do a dub I'm 'pose to talk in court  
Pebble beach it sound sweet like it' a small resort  
But that ain't the case of course so keep it gangsta 4th  
Similarities in our struggle I relate to yours  
I heard brudda made the Forbes I'm tryna make it too  
Was told you either make a change or you gon' make the news  
Yurple liquid in this cup and he just ate a blue  
The same way he ate them shots but that's what prayer do  
He knocked a bitch and I ain't trip 'cause that's what players do  
Still fed the youth behind the walls 'cause that's what mayors do  
Don't cross my name up in yo smut 'cause that's what haters do  
PSI platinum in this jungle him a sabertooth

Behind the walls I was missin' all my dawgs yeah  
But I ain't call cause nigga be missin' all my calls yeah  
Reciprocate the part I risk it all for y'all and every time I gotta bag  
I split and spent it all witchall yeah  
Behind the walls I was missin' all my dawgs yeah  
But I ain't call cause nigga be missin' all my calls yeah  
Reciprocate the part I risk it all for y'all and every time I gotta bag  
I split and spent it all witchall yeah

You ain't forgotten we still think of you daily  
Disneyland it's just me and yo baby  
Cause you know I got 'em nigga  
Anything else uncivilized and outta pocket  
Just doin' what I knew you would for me that's on my mama, niggas havin' problems actin' like there ain't no problem  
The problem is that it don't ever be about no commas  
I been treatin' European engines like they Hondas  
Pop a stachio incase the people get behind us yeah  
The trenches here to remind us just how far we came  
We still ain't there but what it's worth if I don't march with gang  
Told brudda jump in the load and let him park the Range  
Conversations wit my dawg like it be hard to change  
Conversations wit my bride like it be hard to change  
No conversations wit the law blood that part ain't change  
I had a fallout wit my potna and we parted ways  
Accountability for self I know I'm part to blame

Behind the walls I was missin' all my dawgs yeah  
But I ain't call cause nigga be missin' all my calls yeah  
Reciprocate the part I risk it all for y'all and every time I gotta bag  
I split and spent it all witchall yeah

Behind the walls I was missin' all my dawgs yeah  
But I ain't call cause nigga be missin' all my calls yeah  
Reciprocate the part I risk it all for y'all and every time I gotta bag
