

BETTER WITHOUT YOU

Mozzy

Say you will love me one day
And I will wait, I will wait to get your lovin' one day
Just say you will love me one day
And I will wait, I will wait
And I will wait

Crib under surveillance, fuck it, we at the loft
Bool on them people at corners, ain't tryna talk
Fifty thou, wow, a hundred, you know what's happenin'
That's the type of pape I be droppin' on cases fought
Black and white, signed statements, these niggas rattin'
Said what he said for immunity, then he walked
Notice everybody I'm losin' is not a loss
Separate the workers from the boss
Back-to-school fits from either Marshalls or Ross
Backin' in the dope fiend rental, was tired of walkin'
Thuggin' 'fore we ever was famous, have you forgotten?
All I know is backends, all I know is deposits
I ain't never told, switched the jersey or froze
Or told 'em I couldn't program, nigga, I feel accomplished
Still went up top in the wally for any nonsense
Far as niggas playin' with the Mozzy, that be uncommin'

Be uncommon shit
All them niggas'll give a nigga a hundred years 'fore they call it a justifi-
able homicide
We gon' find a way to justify it though
It's y'all day
Niggas swear he confiscated somethin' we loved dearly, nigga
It's only righteous who double back, return the favor
Crazy part about it all, we only look for niggas that look like us

Pape straight
If I wasn't stars down, I would've came Wraith
You can hear the horses gallop when we change lane
Utilize it every time I ball HK
That's on everything
Ayy, I was told to lead the way, that's what I did
We wasn't 'posed to lose DeRay, we was kids
How I burn the bity down, ain't worried 'bout no bridge
Fillin' up the fridge, that's a dream come true
Don't overlook a thug life, we need love too
Got the same startin' line up, I don't need nothin' new
Circle smaller than a dot, no room for expansion
Far as the square footage, we assumed it's a mansion
Heart still damaged, tried to repair it with all these bandages
All my life, I been dealin' with disadvantages
Managed to overcome it despite comin' from nothin'
Tired of seein' you struggle, tired of seein' you suffer

Say you will love me one day
And I will wait, I will wait to get your lovin' one day
Just say you will love me one day
And I will wait, I will wait
And I will wait
