

DEATH BEFORE DISHONOR

Mozzy

(Let the beat ride out, Ju)

Nigga, it's death before dishonor, nigga, bodies on this chopper
We buried him in the backyard at my partner's mama's
If I die before I wake, I pray a gangster shot me
Never add up, nigga gotta snake me probably
I got my bread up, why these niggas hate me probably
Go get your rank up, nigga, you ain't got no bodies
Never add up, nigga gotta snake me probably
I hit they mans up, why these niggas hate me, Mozzy, yeah

Niggas ain't no threat at all
Subbin' on the 'net like he ain't next to fall
Hella shells for you, hope you catch 'em all
Never stole a soul, we think less of y'all
Type to yellow tape a nigga section off
The slimiest, suckers know what time it is
Been slid since for Zo, but we could slide again, saddle up
Lil' bro was woofin' on the 'Gram 'til we had enough
He ain't know we had the ups, bitches gave the addy up
'Nother pack of lunch meat, bag him up
Rappin' 'bout these head-taps, ain't hear about you tappin' nothin'
Brash dummy chronicles, don't feel like niggas crashed enough
Gettin' niggas spanked go on your resume, then add me up
Gettin' niggas spanked go on your resume, then add me up
Glock 40, drop forty, niggas' portraits on FOX40
"Make sure you make it home to Dooterz," that's what moms told me
I buy lil' bae a Cartier 'cause she got live for me
If niggas broke, I got a job for 'em

Nigga, it's death before dishonor, nigga, bodies on this chopper
We buried him in the backyard at my partner's mama's
If I die before I wake, I pray a gangster shot me
Never add up, nigga gotta snake me probably
I got my bread up, why these niggas hate me probably
Go get your rank up, nigga, you ain't got no bodies
Never add up, nigga gotta snake me probably

Tryna send him uppers when we up stick
I ain't tryna hear 'bout what your bread did, what you did?
Them blocka niggas bangin' don't be bangin' we been through there
GSR the Off-White sleeve, need a new pair
Ten milli' twins, they was glizzies, need a new pair
Roll a nigga up on level four if he ain't bool there
Send a gang to eye-care if you care
Crack a pint and pour a four onside his cream root beer, louder, nigga
I see him woofin' on the 'Gram, we don't know them niggas
He took the stand, no longer clan, I don't know them niggas
I can't put a chain around your neck, this for devoted members
And it get chilly in the summer like the coldest winters
Up a quarter in my photo, that's a motion picture
When they was 'round, I did the most for niggas
Except that skeleton you owed us, never stole from niggas
I be alone, can't along with niggas, was tryna 'moke a nigga

Nigga, it's death before dishonor, nigga, bodies on this chopper
We buried him in the backyard at my partner's mama's
If I die before I wake, I pray a gangster shot me
