

# DEEPLY EMBEDDED

Mozy

Yeah

He threw the dice and paid the price, this shit a gamble  
Died behind the rag and the flannel  
Mama lit up a candle, sendin' prayers to the heavens  
They be actin' like they love you, but don't care that you left  
us  
Sheddin' tears in the Tesla, just to be here a blessin'  
Told her, "Kill all them questions," we ain't talkin' 'bout no  
politics or makin' confessions  
Made amends with all them years, still ain't trippin' off recko  
n  
You can't be there when I need you, then you shouldn't have sai  
d it  
Tapped in and paid the bondsman when them boys got arrested  
Hard to leave the streets alone when you be deeply embedded  
He ain't who he claim to be, I heard you secretly said it  
Act like we ain't invested, real reasons, I'm stressin'  
Feelin' like the feds on us, bitch, delete all the message  
Feelin' like the dead homies, feel a way, you ain't steppin'  
Where you niggas' aggression? Chopsticks with erection  
Bust pipes when it's pressure, they know we pressured up (Press  
ured up)
