

Do It For Dooterz

Mozzy

Yeah

I do it for Dooterz, she know that she straight, nigga

I do it for , she know that she straight, nigga

I'm at your neck

One of them niggas you gotta respect

When I got a M, they gave me a problem with clearing the check

Show 'em the handle, I'm steering the 'vette

Show 'em the handle, steering the 'vette

I'm at your neck

One of them niggas you gotta respect

You talk out of turn or dip in the bag

You gotta get checked

They know I'm a threat

Like what you expect, I'm here for the check

When I got a M, they gave me a problem with clearing the check

Show 'em the handle, I'm steering the 'vette

Told little baby I'm there in a minute

We shoot the shit that'll bury an engine

You see the pain, you stare at a killer

Carried my niggas and showed 'em a way

I need a crate of them throw-em-aways

Say that he with it, I'm knowing he ain't

Say that he with it, I'm knowing he ain't

Do it for Dooterz, she know that she straight, nigga

I do it for , she know that she straight, nigga

You owe us a favor or you either pay, nigga

You owe us a favor or you either pay

I line it up and then move on the play

Aye, aye

I got the word from these little bitches, you got the drop on me

I got the word from these little bitches on how much you dropped on me

I got some little niggas in the hood that hold down the spot for me

I got some niggas in the pen, hungry, how much you got for 'em?

Couple dollars go a long way, that's a lot to him

That mean a lot to him, on God, I wouldn't lie to you

Pull up in the hood, park, we don't just drive through it

I got the yicky on me right now

I'm ready to die shooting

I get your guy noodled

Soy sauce with the fried noodles

Chop sticks with the drum pack

Survive this, we can run it back

'Cause we with the double back, then double back on the double back

Aye, we with the double back, then double back on the double back

I'm at the dealership like give me this, this a hundred, flat

I'm at the jeweler with a slit wrist, this was like a hundred pack

We yelling, "Hell Gang like a motherfucker, bae, fuck with that"

Aye, we yelling, "Hell Gang like a motherfucker, bae, fuck with that"

We yelling, "Hell Gang like a motherfucker, bae, fuck with that"

We yelling, "Hell Gang like a motherfucker, bae, fuck with that"
