Every night
It's gun shots and you'll get popped if...
It's gun shots and you'll get popped if...
Play it right our way of life
She call me over just to lay the pipe

I just want the chicken never tamper wit her sushi
Blew a thirty ball at Bloomies nigga use to shop at Zumies
Searchin' through my doobies, told her roll up somethin' newkie
Keep her out my bidness though 'cause she be talkin' loosely
Motion picture perfect got 'em twerkin' it's a movie
If niggas ain't employed and ain't no boy, then he a goofy
Never bite the hand that try to feed you, that shit bootsy
Forgi's over Rucci bangin' peace to Lil Doony
Slither up wit Whoody more than thirty shots a piece
Knew they had a problem when they heard I got released
Suckas ain't no killas they be piercin' niggas cheeks
Can't learn this shit in school, it's from experience in the streets

Every night
It's gun shots and you'll get popped
If you don't play it right
Our way of life
She call me over just to lay the pipe
She ain't my type
I'd rather pull up on this eighth of slime
Need cups and ice that's on the B
This shit be every night
It's gun shots and you'll get popped
If you don't play it right
Our way of life
She call me over just to lay the pipe
She ain't my type
I'd rather pull up on this eighth of slime
Need cups and ice that's on the B
This shit be

Every night
A hundred shots, we tote Glocks, that's the way of life
Scream fuck a opp, spin the block, make 'em pay the price
You had that shit for too long, I need my pape' tonight
And that's the only way to stay safe
My youngin' feet up in the county know his case paid
I CashApp'd him two thousand fuck a JPay
We Facetimin' at the game, bitch, the gang made
They tried to frame us but they got whacked the same day
It's every night, fifty the first spin sixty out this Tech
I know they dead, fuck twice we gon' triple back
We throw up twelve's, we on the four, where they crippin' at?
A dub show don't gangbang if you ain't livin' dat

Every night
It's gun shots and you'll get popped
If you don't play it right
Our way of life
She call me over just to lay the pipe
She ain't my type

I'd rather pull up on this eighth of slime
Need cups and ice that's on the B
This shit be every night
It's gun shots and you'll get popped
If you don't play it right
Our way of life
She call me over just to lay the pipe
She ain't my type
I'd rather pull up on this eighth of slime
