Khada clip with the duck tape round it
Catch a sucker leaking we gon' down him
Choking on his blood how they found him
Choking on his blood how the paramedics found him

Sella clique hen shit
Family over friendship
Coke on my finger nail
Cocaine French tip
Clip on the hitstick
Longer than a dipstick
You ain't did shit
According to the statistics
Murder mids misfit
Mute mouth stitch lip
Flicking through the chicken
Tripping on the bitch I live with
Niggas on the straddle in the fitz shit
Bitch shit
Little shit stop him
We gon' pop him with the big shit
Biscuit with the lemon squeeze
Death to the enemies
Know I'm on drugs gotta keep all the humidity
Hell gang mozzzy but my momma named me timothy
Let one of the these suckers call me by it and I'm striving 'em

Tryna break a nigga spirit when they lock us down
Happy I ain't charge for tryna knock a nigga down
On some sentimental shit
Talking to the clowns
Lost another gunner they just caught him out of bounds
Suckers always sliding when the mozzzy not around
Pussy boy told probably why he not around
Got alota rounds for a nigga speaking out
Taking pictures in the bathroom and never leave the house
My name ring bells bitches keep it in they mouth
Find me in the dope spot tweaking on the couch
Broke ass niggas buying liters for a ounce
Scouting for a victim if you see me in the south

Khada clip with the duck tape round it

Catch a sucker leaking we gon' down him
Choking on his blood how they found him

Crime time all the time I ain't lying
You a goddamn lie I ain't sliding
Keep firing
Till you hear the sirens
Gotta hundred dollar bill full of that Miley Cyrus
I threw the yicki last night I'm tryna find it
You ain't got no use for the khada then let me buy it
You ain't got no use for them hookers then let me get em
I don't fuck with suckers
And niggas that
Realest shit I ever wrote
Remove the thumb from my palm
I'm forever four
Used to sell dope at the green and the yellow store
AR15 killswitch
Heavy metal pole
