Nigga was dope last week
I made that nigga switch his swag up
Stripped him for his chains
Take that nigga lil whip
Bitch

Had to pick that bag up
Had to put my gloves on
Had to pick my mask up
Made em put they hands up
Made em put they hands up

I'm the one that made em switch they swag up
Had to pick that bag up
Had to put my gloves on
Made me pick that mask up
Made em put they hands up
Made em put they hands up

The streets love me and I love em back
Lost a fade to the homie and told em run it back
Lost a fade to a sukka and tried to kill em for it
Another unreleased album need a million for it
I been a boy before rappin they was rootin for me
The love and loyalty inspired click to shoot it for me
When it come to this type of money I'm new to money
Ain't teach me bout no taxes we ain't used to money
Right before I kicked the cup shit was stupid muddy
Park the truck, bounce out, hop in the coupe and gun it
Prime example what the trenches'll do to you youngin
Strippin nudity nigga and we new to you youngin
All blue when I'm thumbin
Real chicken mc nuggets
All these cubicles on me
They wanted more than a hunnid
All the pain and the sufferin
We really came up from nothin
I'm a millionnair baby
I need another, one fuck it

I'm the one that made em switch they swag up
Had to pick that bag up
Had to put my gloves on
Had to pick my mask up
Made em put they hands up

I'm the one that made em switch they swag up
Had to pick that bag up
Had to put my gloves on
Made me pick that mask up
Made em put they hands up

I'm a trapper never been no scammer (no sir)

Gang 100 rounds in the hammer
No 36 no bananas (no sir)
Grape street inside my Fanta
Do a line cause I ain't got no standards
Turn downs always see a disaster
You just lost your grandmother to cancer
I just lost my little brother to traffic
Gang bangin give a fuck you ain't blastin
I don't know what the fuck just happen
Kept goin the police kept passin
Freestylin cause I do it with passion

I'm the one that made em switch they swag up
Had to pick that bag up
Had to put my gloves on
Had to pick my mask up
Made em put they hands up
Made em put they hands up

Had to pick that bag up
Had to put my gloves on
Made me pick that mask up
Made em put they hands up
Made em put they hands up
