

# If You Love Me

Mozzy

Skeem popped up in my dreams and pour'd a four am I insane  
Still caught up in my ways  
Pebbles

Imma feed you to the wolves for crossin' gang  
Couldn't believe you switched up on me lost him when you changed  
Picked up errytime when niggas called for some change  
Make sure that you was platinum  
When I needed y'all what happened  
Funk within' the inner circle all this shit is backwards  
But throw a rock at Mozzy and you know what happens after  
Ain't tell me about no funk niggas preachin' to the pastor  
Only problem I be havin' is gettin' it done faster  
Niggas know what's brackin' imma blap with no assistance  
Love and loyalty is not the same know the difference  
Imma go the distance we don't calculate intentions?  
Even if you hit him and they kill him just for instance  
Talkin' to my gangsta like he present but he isn't  
You talkin' to these hoes about my whereabouts you fishy  
He talkin' to the judge like he innocent  
But he did it  
Guilty of all counts I couldn't sit there through the sentencin'

Disappointed mama with this shit that I bang  
You know it's one up top and I keep stick in my thang  
If you love me  
If you love me  
If you love me  
Then why would I change  
Disappointed mama with this shit that I bang  
You know it's one up top and I keep stick in my thang  
If you love me  
If you love me  
If you love me  
Then why would I change

Talkin' to my demons look like talkin' to myself  
Ain't give you the plug number imma just walk you in myself  
The times that stick out most when I was lost without no help  
Lost inside that cell waitin' on y'all to send me mail that never came  
They lie when they say California's weather never rain  
They lie when they say it's gon' be aight bitch no it ain't  
I done lost some many I love throughout my life I know the pain  
Skeem popped up in my dreams we pour'd a four am I insane  
I might be losin' it  
Confiscated yickie from lil bruh cause he wasn't usin' it  
Scared to give my love to those I love cause they abusin' it  
Occasionally it get slimy on them trips I been on numerous  
Told him stay in school it ain't no use for you on this block  
Then he popped a nigga  
He on the run he at my bitch spot  
I got you nigga  
Don't place no call get rid of that phone you know you hot lil nigga  
Don't place no call get rid of that phone you know you hot lil nigga  
  
Disappointed mama with this shit that I bang  
You know it's one up top and I keep stick in my thang

If you love me  
If you love me  
If you love me  
Then why would I change  
Disappointed mama with this shit that I bang  
You know it's one up top and I keep stick in my thang  
If you love me  
If you love me  
If you love me  
Then why would I change
