Why would I shit on you now?
'Cause you was up when I was tryna be down
Left me stuck when you would slide outta town
Never offered me pounds
Never gave me no rounds for the K I had
And you ain't take no trip when my lil' brother got tagged
I remember Nick and Air Max and a beat from fan
I remember suckers couldn't pay us to get a pass
I remember four fat foes draggin' a jag
I was outside 'fore twin-zilla went bad
I was outside when Tasha was sellin' crack
I was side bettin' when Larder was shootin' craps
I was in the car with Deezy when he was smacked
Took a trip Sauce and I hate we can't get him back, yeah
Took a trip with Zo and he let me borrow the Mac
K-squeeze was right beside me, that nigga lived in the trap
I was at the market when Bama was being sold
When granny was tweakin' on us 'bout Fiddle she think we stole
