

KEEP CALLIN MY NAME

Mozzy

(Let the beat ride out, Ju)

You know that double cup callin' my name
Keep callin' my name
Glizzy with the button-up, it's callin' my name
Callin' my name, yeah
Bitches be in love with us, they callin' my name
Cuban cost a honeybun, been callin' my name
Eyes on the 'Rari truck, callin' my name
Tellin' on the infrastruct', callin' my name

Dear young life, boss up your rank
Blammatory mandatory, got him sharpen his shank
Backin' in the AMG, finna park at the bank
You can't find a squad larger than gang
Went extra large on the chain, extra large on the face of the presidential
Not a flaw at all, I'm official far as credentials
Double cup me up, the purpose for it medicinal
I been out here standin' on my principles
Thou shalt not steal from they brother, we bein' biblical
Politics cross-contaminated, all these chemicals
They fear me in the physical 'cause I was showin' up when it was britical
Make it out the slums more than difficult, we did it, though
Mansion with the mountain view been callin' my name
Come with the escrow and toss 'em the pay
Swappin' Audemars for Rollie, watch how often it change
Ain't tag his jeweler 'cause his diamonds is fake

You know that double cup callin' my name
Keep callin' my name
Glizzy with the button-up, it's callin' my name
Callin' my name, yeah
Bitches be in love with us, they callin' my name
Cuban cost a honeybun, been callin' my name
Eyes on the 'Rari truck, callin' my name
Tellin' on the infrastruct', callin' my name

I want the 'Rari next, too many whips, where I'ma park it at?
Too many skits to be a nerd, they know I'm far from that
What is Fourth without the Mozzy? We the heart of that
And they wasn't fab until I started, so I started that
I hear you growlin', 'Ghini barkin' back
If it ain't AMG edition, that's a starter pack
Them Forgiatos kiss the curb, then I brought it back
I heard they stripped you for your pendant and you bought it back, nerd
Lil' mama love me, she been callin' my name
Never be about no bitches if I fall out with gang
Cillary Clinton, buy the boxes if we talkin' 'bout paint
You can't buy what I've acquired if we talkin' 'bout rank
To keep him by my heart, I put my dog in the chain
I can't complain about my losses and gains
If Heaven had a phone, I'd probably call every day
'Stead of investin' in a lawyer, why you callin' my name, nigga?

You know that double cup callin' my name
Keep callin' my name
Glizzy with the button-up, it's callin' my name

Callin' my name, yeah
Bitches be in love with us, they callin' my name
Cuban cost a honeybun, been callin' my name
Eyes on the 'Rari truck, callin' my name
Tellin' on the infrastruct', callin' my name
