LOST IN MY THOUGHTS

Mozzy

I be lost in my thoughts, I don't need no validation, all the niggas I poppe
d (Haha, you crazy, Jaywavy)
All the niggas got caught, wishin' 'em home soon
Still yellin', "Free the gang" over this ProTools
Know what you goin' through
I be lost in my thoughts, I don't need no validation, all the niggas I poppe
d
All the niggas got caught, wishin' 'em home soon
Still yellin', "Free the gang" over this ProTools (Let the beat ride out, Ju
)
Know what you goin' through

Ain't no fear in my heart
Not ashamed of what I been through, I been wearin' my scars
They considered me a crash when I was playin' my part
You ever swim with the sharks in that bloody water, huh?
What you marchin' for? (Yeah)
It keep replayin' in my head, the way they parked lil' bruh
It's hard to overlook it
Whoever claim responsibility, we over cookin'
Pape' is straight, but you know we crooked
Do somethin' to me if you know I'm pussy
That's what I thought, nigga
Bled that bitch for several years, I'm a block nigga
DeRay block nigga
Wish you could see me 4th
I'm one of the reasons why the population's screamin', "4th"
As for the suckers, we have no remorse, yeah (Fuck 'em)
I jumped off of granny porch at like twelve or somethin'
Thought they dead, the streets will never love us, fuck it
I thought they dead, the streets will never love us
I'm still committed though, ain't nothin' above it

I be lost in my thoughts, I don't need no validation, all the niggas I poppe

Banged him on his appeal, they just buried the clan
Pull up on his young life and tear off a band
Pull up on his mama, got her rent for da month
She been down this road wit' him, I'm just liftin' her up
Niggas behind the wall feel like they slither for nothin'
Niggas behind the wall feel like they did it for nothin'
Like, you ain't paved the way, you the reason we thuggin'
This block was once yours, you the reason we hug it
I was behind bars when they killed my nigga
I know cold, new money, but this still my nigga
See Skeem in a casket, I ain't feel like lookin'
Blowin' cook, hella ashes on my Hellstar hoodie
The hood hella slimy way we hate on each other

I can't lie, it be days that be better than others
Team within a team, HGM my squad
If you screamin', "Free Nick," include Hotboy Sean

I be lost in my thoughts, I don't need no validation, all the niggas I poppe
