I love my money maker like a muhfucker

I'm in love with this street shit
I'm in love with this trap shit
Ran it up on these broke niggas
Chicken nuggets doing backflips
Swear I need me some Actavis
Hella shots on my slapstick
on that cat piss
Ganglang, niggas at risk
Calmed down when I had kids
Still in love with this shit
I'm in love with this fast money
I'm in love with this bad bitch
Knock you down for that bad brick
Push her off me, no lap dance
I be on the super shit
Sinning like I did the last bitch
Hundred cash still last shit (Huh)
Hundred cash still last shit (Huh)
Put me on it with
Momma say I weren't a bad kid

Put the numbers in a cash
Runnin' numbers up, cash out
I'm like '05, that was then

Married to the money with no prenup
Pull up in a doolie, toolie and a mean mug
I'm just a moolie with some , sellin' cheap drugs
Fantasizin' 'bout a black jury and a weak judge
I'm on them corners where they dying over coke-a-rona
And tryna run a nigga over with
I got pressure, you got problems
Trauma I be bringing, be having momma's jumpin' out pyjamas
I'm in love with the brick of cocaine and a hoe that throw the bankroll quic
