

# Murder On My Mind

Mozzy

Betrayal hurt it's temporary I outgrew the pain  
If you weren't forced to throw up fourth then it ain't bool to bang  
That's what I tell the youth since I was told to tell the truth  
Convert top ramen into pasta in that cell for two

Yeah

Salute my momma she been clean for years  
Just got off the phone with my uncle shit I ain't seen in years  
Only called to ask for some chicken but we gon' leave it there  
Only pray to ask for forgiveness 'cause I been squeezing flare  
Hope I never see the tier  
Killas don't believe in tears  
Gotta keep that peppa known for steppin' I can't live in fear  
Bonneville's and Riviera's now it's Lamborghini trucks  
Can't identify the shooter everybody skeezied up  
It's tainted I don't need ya love  
Cause imma hold you to it  
Am I responsible for that body if I told him do it  
I miss you Ant besides his bitch I was the closest to him  
My dawg for life imma make sure somethin' fall tonight  
It's tainted I don't need ya love  
Cause imma hold you to it  
Am I responsible for that body if I told him do it  
I miss you Ant besides his bitch I was the closest to him  
My dawg for life imma make sure somethin' fall tonight

Yeah

Can't go to sleep with out no slime  
'Cause I got murder on my mind this shit be fuckin' up my high  
Yeah  
And it be times where I can't cry  
'Cause it's conflictin' with my pride feel like I'm dyin' you know the vibes  
Yeah  
Can't go to sleep with out no slime  
'Cause I got murder on my mind this shit be fuckin' up my high  
Yeah  
And it be times where I can't cry  
'Cause it's conflictin' with my pride feel like I'm dyin' you know the vibes

Who you think them niggas call when they need chops for real  
Who you think them niggas call when they guap for bail  
Who you think them niggas call when they got off them drills  
And celebrate the points he scored with steaks and lobster tails  
Ain't mad at bruh for killing bruh 'cause that's my dawg as well  
CashApp'd without him asking hopin' all is well  
Ain't offer self  
The first to answer when you called for help  
But you wouldn't do the same  
Ain't nuffin' I wouldn't do for gang  
Betrayal hurt it's temporary I outgrew the pain  
If you weren't forced to throw up fourth then it ain't bool to bang  
That's what I tell the youth since I was told to tell the truth  
Convert top ramen into pasta in that cell for two  
Can't win 'em all go run yo fade might take a L or two  
Don't turtle down, ayy you a clown, that ain't what fellas do  
Construction worker with this hammer tryna nail his roof  
At first they with you then they ain't and I can't tell who's who

Yeah  
Can't go to sleep with out no slime  
'Cause I got murder on my mind this shit be fuckin' up my high  
Yeah  
And it be times where I can't cry  
'Cause it's conflictin' with my pride feel like I'm dyin' you know the vibes  
Yeah  
Can't go to sleep with out no slime
