

My Life Different

Mozzy

My life different

Cell'd up with a killer that's fightin' a life sentence and
He'll do anything to come home aside of snitchin'
Slide senseless, choppa gon' fry chicken
They love me like side bitches, yeah

He ain't see the yard at the reception. hit the shoe first
Scared to do that nickel, they just offered shit and do dirt
Put that nigga portrait on a crewneck, new merch
Die or go to jail behind our politics, the truth hurt
Pray to God that they don't find his yicki if they do search
We know you a rodent, seen that documented schoolwork

Respect the gangsta with some paper

Did the hood a million favors

Talkin' more so than the mayor

We really put in labor, nothin' major niggas did though

And they ain't even pick him out a headstone

Been gone
