

NIGHTMARES

Mozzy

'Cause girl, you make me happy, yeah
I don't need it to go
But you left me with no pride
(Let the beat ride out, Ju)

I got dead niggas dependin' on me, blood
Real stand-up niggas I'm talkin' vertical
Once you get a jacket for tellin' it ain't reversible
Bussin' down bowls in the trap it's gettin' surgical
Watch how they convert on they posse, them boys convertible
Niggas die everyday B, we unmerciful
Head wounds inflicted on suckas was all purposeful
I gradually graduated, got a higher rankin'
They gon' die from hatin', the tires scraping these is sixes on the Cyber ra
cin'
Just pour'd a eighth but I been tryna' pace it
He's a scully stepper onner that's his occupation
Before the paper I was inaugurated
Free the thugs, pray you exonerated
Pebbles

And I know it get hard
When your dreams turn into nightmares
It be hard to sleep at night
And I'm just tryna be alright
But I can't take it no more
Hidin' my pain with a smile
But I can't fake it no more
It ain't no peace when your heart and your mind at war

Know we on borrowed time, I keep 'em close
What is life without the ones I love the most
The homie smoked the homie, it hurt me, I love 'em both
How I'm pose to cope
Ain't help me put my heart back together when it was broke
Ain't help me get a rental or nothin' when it was smoke
I'm 'posed to be your bro, yeah, whatever, nigga
Straight to Hell, 'cause ain't no way we goin' to Heaven, nigga
Really step on niggas
Please forgive me for the sins I have yet to commit
But I can't rest until them niggas is restin' in piss
The division in our trenches affectin' the kids
If I'm the one to take the blame, I accept what it is

And I know it get hard
When your dreams turn into nightmares
It be hard to sleep at night
And I'm just tryna be alright
But I can't take it no more (can't take it no more)
Hidin' my pain with a smile
But I can't fake it no more (can't fake it no more, no more)
It ain't no peace when your heart and your mind at war

But you made me happy, devil
Not only, ah- ah- ah- ah
But you left me with no pride
