Bruh them people out here are geekin' my nigga
You know they just hit mom's shit
My momma be smooth bruh
Breathe on you

They kickin' down doors where my momma stay...
But they know I'll never cooperate
Cause that ain't how a real nigga operate
Doing time only time I find time to pray

They kickin' down doors where my momma stay...
But they know I'll never cooperate
Cause that ain't how a real nigga operate
Doing time only time I find time to pray

Suckas on the net say they try to down us
Havin' conversations with the higher power
I dip my nose in a pack of powder
It only numb the pain for a couple hours
Ain't no picket fences nice house and flowers
We live in the trenches you'll get devoured
Used to rock Girbauds, hella Eddie Bauer's
All black label hoodie jumping over counters
Mo' gwala mo' power nigga easy math
Behind the almighty dollar never leave the trap
My bruh would be prezzin if I could bring him back
Hell gang over everythang we believe in that
Ain't no room for no lackin gotta keep a strap
One up top I don't know why you ain't think of that
Seen his body collapse that's a man down
You ain't with the shit fall back nigga stand down

They kickin' down doors where my momma stay...
But they know I'll never cooperate
Cause that ain't how a real nigga operate
Doing time only time I find time to pray

They kickin' down doors where my momma stay...
But they know I'll never cooperate
Cause that ain't how a real nigga operate
Doing time only time I find time to pray

Try to tell lil' homie stay in school
I lost so many partners it ain't boo
Loadin' up a broom momma walked into my room
This lifestyle is deeper than you assume
My lil' sis bustin' dates for her dude
But she ain't trippin' she used to being misused
That's just another wound I gotta deal with
Nigga pull up at granny's that's where I still live
I did alot of dirt I gotta livewith
Bullets flyin' pray to God I don't get hit
Still yellin' free my brotha Hit Stick
If you could put your toes in his shoes you would of been snitched
Nigga... Ain't no doubt about that
Talking outta turn you ain't really bout that
Yeah, we trap it out and count stacks

Killing our kind how you proud of being black nigga?

They kickin' down doors where my momma stay...
But they know I'll never cooperate
Cause that ain't how a real nigga operate
Doing time only time I find time to pray

They kickin' down doors where my momma stay...
But they know I'll never cooperate
Cause that ain't how a real nigga operate
Doing time only time I find time to pray
