

Out Here Really

Mozzy

Tell the nigga on top I'm a dog out of prison
That's the only way a nigga gone sleep (only way)
Gas sip and go, take a stack out the roll
That's the only way a nigga gone eat (only way)
Selling fake dope, duct tape, rope
That's the only way a nigga gone make it (only way)
Anything over one kilogram
That's the only way a nigga gone take it
You and me both got a beat cut from the same cloth
Or a nigga can't trust you
Fuckin' with a nigga paper that's a major problem
Type of shit that make a nigga wanna bust you
I don't give a fuck 'bout nothing but going broke
That's the only way I'm gone cry
Pussy nigga playing them pussy nigga games
That's the way a pussy nigga die
First you gotta crawl, then you gotta fall
That's the only way a nigga gone ball
Fucking with a shot caller, AK47
Only shot a nigga gone call
Never tell, never told, never crack, never fall
That's the only way that you can be a G (only way)
Never have, never will, you can bet a hundred mill
That's the only way that you can be me

We ain't in the house in the street with this shit
Yeah, we in the street with this shit
They just knocked a nigga down
Down the street from the bitch

Called up man need another 50
Now I'm up a couple band days 150
Promised all my niggas that they coming with me

Sip 'til I slip into another coma
Level up on these niggas they got nothing on us
