

Sacrifice

Mozzy

I had to learn, I had to hurt, I had to sacrifice
I had to wait my turn, I had to put in work
I had to hold it down at night
Just to live this life, all this shit I had to do in life
'Cause I had to learn, I had to hurt, I had to sacrifice

Gang related, you ain't bangin' then you ain't related
'Posed to put your youngin on and tell him save his paper
Kill a nigga 'bout my gang, stain my reputation
Gangland seein' statements, we was devastated
Free the killers, they gon' try to keep us separated
Blicky on me, that's for surely and it's laminated
You animated, all that wolfing you been doin' lately
We move maniacs about it, I'm a shooter baby
20K on 24K, Buddha baby
I'm bickin back with all my gang members booling baby
Twelve hundred, he ain't budging for the new key yankee
Catch a case and have my shooter bang him, a gangster
Keep one in the chamber, gotta live by it
Baby gave me fifty K, I had to kill about it
Sacrifice ain't participating in state file
These niggas groupies, salute me without the dick riding

I had to learn, I had to hurt, I had to sacrifice
I had to wait my turn, I had to put in work
I had to hold it down at night
Just to live this life, all this shit I had to do in life
'Cause I had to learn, I had to hurt, I had to sacrifice

I had to hold my own, told my mama stay strong
She hate I'm always gone
I know they want me gone, and just to make it home
I gotta keep it on me
I had to go through it all
Niggas speakin' every day but they don't know me at all
Know they wish a nigga fall, like to see a nigga ball
Hope my mama get that call, yeah
I admit I fell victim to a lot of shit
But I would never be a victim to the opposite
Hope I win, I know these niggas hope the opposite
Just to live this life I had to sacrifice a lot of shit

I had to learn, I had to hurt, I had to sacrifice
I had to wait my turn, I had to put in work
I had to hold it down at night
Just to live this life, all this shit I had to do in life
'Cause I had to learn, I had to hurt, I had to sacrifice
