

Sad Situations

Mozzy

Too many sad situations, I'm taking hard medication
When you ain't in front, it's so many you gotta wait on
I couldn't control none of the games they had played on me
Thinking about a bag, we pray we never suffocate
Only time she see a ring, if she meet the undertaker
They hate to see you going up, they want to take the elevator
He was nowhere on the scene, the police still investigate her

Feel like I've known your ass since day one
Suck on that pussy, that shit A1
Supply the Percy like here "take one"
I done came up, real nigga I remain one, won't bring your name up
Big ol' B's, bitch I'm flamed up, I throw my gang up
I done finally got my weight up, all these nights we stayed up
This that shit that niggas prayed for, thank you for praying on me
Damn, I lost my nig' when was kids, that shit weighing on me
I was vouching for your gangster while you take the stand on 'em
No amounts though they ain't flip it, these niggas be playing wodie
GSO all on the palms, piss all over my arms
Jurisdiction Vietnam and suckers have been alarmed
Internally, I've been scarred, they ain't who they say they are
Couldn't just watch my mama starve, that shit was breaking my heart

She no I love women so it ain't nothing for her to fall for me
If I was broke, it wouldn't be nothing, but she all for me
I'm in LA like I'm LeBron, but I still got this heat on me
Bought my man a jeep just in case he want to creep on me
All these niggas my sons like Pheonix
Hope none of my niggas turn like Tina
Shawty gone fuck
Shawty gone fuck 'cause she want new Remy
Codeine cup, I don't want no Henny
We ride with nines with the windows tinted
And I know you lying, but I'ma let you finish
Anything goes, might as well get that paper, anything fold
Down to my last, it was Harden just like James
Remain me, tell the cashier to keep the change
I bought a body shop, come get some of these pains
