

Smoke Session

Mozzy

We into giving niggas what they want
Like here go a whole shitload of smoke, yeah
We into giving niggas what they want
Fonzie in this motherfucker
Dave-O make me a slap
Yeah

I'm on the 'net lookin' up cribs, they want like three M's for
that bitch
I got your BM in my whip
I do the macarena, then dip
Niggas just caught a case for that stick
Free all the killers, pray it don't stick
He need a money pack for that sprint
I threw the soft eighty on the wrist
Got off them people papers and slid
You know the Caucasians on deck
You either talk to 'em or you sitch
You know if you talk to 'em, you'll snitch, yeah
We abidin' by the code, nah
No relying on these hoes
These niggas suckin' dick for a deal
These niggas dickridin' on the low
We got the booby trap goin' brazy
They order French fries and a Coke
I got some niggas hatin' on the fella
But still wear the chain I gave him 'cause he broke
I got a seven series on my throat
I got the highest score in the funk
We into giving niggas what they want
Like here go a whole shitload of smoke, yeah
