

SPEEDIN!

Mozzy

Yeah, yeah, yeah, yeah, oh, oh, yeah
Let's go all out, baby, let's go all in
Know you see me callin', I'm just tryna fall in
It can be a light breeze, it can be a long wind
If you in your thong sittin', baby, this your song, sing it, yeah

Yeah, ayy, bae, I'm on the road speedin'
Take it off, I don't like the clothes you in
Bring it home, I don't like the hoes you with
Just show it off, I like how bold you get it
Ayy, you a bad bitch, you wear thigh highs too (Yeah)
Cartier your wrist and your eyes, I'll do it
Ayy, she don't touch the dash 'cause she like my music (Yeah)
Shakin' that lil' ass, I like how you do it

Baby, did you know (What?) I been on the road (Ayy) speedin'?
Yeah, ayy, you know who to call when you need it
Yeah, you're not too far when you need it
Ayy, money in the safe if you need it
Kissin' on your waist if you need it
I'm on my way if you need it, I'm on my way if you need it
Baby, did you know (What?) I been on the road (Ayy) speedin'?
Yeah, ayy, you know who to call when you need it
Yeah, you're not too far when you need it
Ayy, money in the safe if you need it (Need it)
Kissin' on your waist if you need it (Kissin' on your waist if you need it)
I'm on my way if you need it (I'm on my way if you need it)
I'm on my way if you need it (I'm on my way if you need it)

Drop pen on you, this the duck off
Pull up on me right now
You know she extra'd out with the white downs
Seen her on the 'Gram, had to bite down
Poppin' with you, love
In her own foreign, let her pop it with the thugs
Jumpin' out that motherfucker, Prada to the rug
Let me know you had to pull your partner out the mud (Yeah)
Let me know you had to move your mama out the slums, you appreciated

Baby, did you know (What?) I been on the road (Ayy) speedin'?
Yeah, ayy, you know who to call when you need it
Yeah, you're not too far when you need it
Ayy, money in the safe if you need it (Need it)
Kissin' on your waist if you need it (Kissin' on your waist if you need it)
I'm on my way if you need it (I'm on my way if you need it)
I'm on my way if you need it (I'm on my way if you need it)

I've been speedin'
Speedin' for you
I've been speedin'
