

## Still Here

Mozzy

And I just wish you was still here, here  
My nigga would have rolled for me  
And I just you was still here, here  
My nigga kick in a door for me  
You made me feel loved when I had no money  
You never changed remember niggas used to call me bummy, bummy  
That's why I love you way past money, money  
That's why I love you way past money, money  
And I just wish you was still here, here, here, here, here  
And I just wish you was still here, here, here  
But I'ma see you again

Yeah, and I just wish you was still here  
Cause I know you would have rolled for me
