

## Straight To 4th

Mozzy

(Go Grizz)

If I die before I wake, then take me straight to 4th (Then take me straight to 4th)  
I got it set up where my children gon' be straight for sure (They gon' be straight for sure)  
We throw Iraq in, after that, we finna paint the North (Slide)  
Just got a call from one of my dogs, he told me stay the course (Yeah)  
Passin' on her like a plate of pork (Why?)  
'Cause bitches left when I was draped in orange  
On God, they never came to court (Huh?)  
Enduring pain 'til I can't take no more ('Til I can't take no more)  
I told my dog we gon' be rich, he told me say no more

Coffee cup on the coffee table, it's mud parties  
Love hardly love you back, so I don't love hardly  
And I'm too high to parallel 'em, let lil' bruh park it  
Death threats ain't taken lightly, we gon' plug surely  
Gang went from bein' broke to fully bust Cartis  
And I'm proud, to say the least, 'cause I helped raised a beast  
Talk to Pebbles, you know he said he gon' save a seat  
It ain't the same without you, bitch, these niggas ain't as G  
And they don't never tag they jeweler 'cause it's make-believe  
I don't fuck with those that fuck with them and that's okay with me  
We into decorating facials with this Maybelline  
Probably bleed to death behind this shit, and that's on everything
