

# Streets Ain't Safe

Mozzy

Baby say that she stay safe  
But I stay dangerous, I make you bad, homie  
That pussy like I beat that case  
Yeah, if I bang it I can't go wrong  
When I kill it, I'ma leave no trace  
Don't be mad, I'ma beat back, baby  
Run up a bad phone, DOA  
But no matter what she gon' say, we gon' be okay

I'm convinced she don't want nobody else  
Kiss it and never tell, she litty all by herself  
Ain't need a nigga for help, I couldn't help it  
I'm on a line like all the time, baby fell through  
What's poppin' off?  
Dreads got 'em thinkin' I'm from Papua, now  
Throwaway bitches living better than this bottom ho  
If she ain't buy the chicken then she gotta go  
Adios, pocket full of guala with designers on

I always leave my bitch at home  
She be blowin' up the lean while I'm eatin' up the road  
Slid for like twenty when you see me in the store  
Red bottom bloody, gotta keep her on her toes

Baby say that she stay safe  
But I stay dangerous, I make you bad, homie  
That pussy like I beat that case  
Yeah, if I bang it I can't go wrong  
When I kill it, I'ma leave no trace  
Don't be mad, I'ma beat back, baby  
Run up a bad phone, DOA  
But no matter what she gon' say, we gon' be okay

Ain't no safe zones in these streets  
She won't even let me leave our flow without the yeet  
His cell game Mozzy, mine tatted on your cheek  
She ain't never had a active, rich nigga on the beat

I'm afraid of wolves  
I just got a petty for the coupe  
Nodded off on her, I was heavy on the juice  
Holdin' down a mantra while a felon on the move  
I can't lie, blessed, she my lil' goon  
She OD'd, that's the truth

That's for sure, you the GOAT, I salute  
Name one bitch hold it down like you do  
Proud of you, down, yeah  
I'm proud of you  
Might put down the juice  
You down to move, I'ma say so  
I know you TTG, I didn't say go  
If I gotta duck off and lay low  
Don't want you to be the place I can't go

Big baby say that she stay safe  
But I stay dangerous, I make you bad, homie

That pussy like I beat that case  
Yeah, if I bang it I can't go wrong  
When I kill it, I'ma leave no trace  
Don't be mad, I'ma beat back, baby  
Run up a bad phone, DOA  
But no matter what she gon' say, we gon' be okay
