

## Tear Me Down (Outro)

**Mozzy**

Oh, oh, oh, yeah

I'm not the only one with issues  
All the things that I've been through  
This for people that relate  
This for the ones we can't replace, no  
Why they tryna tear us down, tear us down? (Oh-whoa)  
Tear us down, tear us down, tear us down, down  
Why you tryna tear me down, tear me down? (Oh)  
Tear me down, tear me down, tear me down, yeah

Yeah, if you scared, go to church, I don't blame you for it (I don't blame you)  
Manslaughter over murder, they gon' hang you for it  
Incarcerated my brother, I tried to take it for him  
He on his way to the pros, he 'posed to make it for us  
They'd rather break us than build us up in this broken system  
We ain't no different if we ridin' 'round smokin' niggas (Yeah)  
I'm just thirsty for revenge, it'll soothe the pain (Soothe it)  
And the prescriptions I be poppin' don't reduce the pain  
Ayy, throw your partner a package and let him do his thing  
Here go the load, it's a phone and you can use the change  
They heard about the dirty work before they knew the name  
Find yourself in a pickle and try to use the name, Mozzy

I'm not the only one with issues (Not around here)  
All the things that I've been through (You know, you know)  
This for people that relate  
This for the ones we can't replace, no (We can't replace them)  
Why they tryna tear us down, tear us down? (Can you tell me why?)  
Tear us down, tear us down, tear us down, down (Oh)  
Why you tryna tear me down, tear me down? (Oh)  
Tear me down, tear me down, tear me down
