I might not see that man again  
But only time will tell  
I'm fly ass hell  
Inside this ashton  
Bitches know what's brackin  
Karma gone catch up  
With my drill  
For the souls we snatchin  
Known assassin  
Never passes when it comes to suckas  
I love the trenches like my children  
And that's word to mother  
This for the block  
And all the killas  
On the stand that's sturdy  
Really from that era  
On that corner  
Him and hand in service  
I told my bitch love me for who I am  
Cus I ain't perfect  
Remember granny use to  
Bath us with dish detergent  
Forever 4th and I'mma stand on that  
And that's for certain  
It's fuck 12  
Until hell reaches  
That's how we swervin
