

WHERE I COME FROM

Mozy

Yeah

She tell me keep it up
Keep on reachin' up for all the ones believe in us
Thank you for speakin' up
Feel like I seen it enough
(Let the beat ride out, Ju)
Thank You, God, G-O-D

Where I come from we're all limited in choices
Limited in voices, limited resources
Where I come from, it was militant enforcements
So unfortunate how they come up on our misfortune
I dream of a day
Yeah, 'cause where we're from, yeah
I have seen so much pain
If I could change the time, time and the place
I still wouldn't trade, trade where I come from

Yeah, the dreams that I'm chasin' usually keep me up
I can't sleep or nothin'
Got a text from my mama, she told me, "Keep it up"
Keep on reachin' up for all the ones believe in us
You ever advocate for me, thank you for speakin' up
I left the hood in my thirties, feel like I seen enough
Ain't pull up when I call 'em, was taught to keep in touch
'Fore I cough up this pendant, you better clean me up
G-O-D, better not reach for nothin', noodles
Seen the pain in my pupils, I never hid it from you
Wouldn't be so invested if niggas didn't love you
This my letter to youngin', I hope you takin' heat
Get off your cheeks, nigga, take the lead, yeah

Where I come from we're all limited in choices
Limited in voices, limited resources
Where I come from, it was militant enforcements
So unfortunate how they come up on our misfortune
I dream of a day
Yeah, 'cause where we're from, yeah
I have seen so much pain
If I could change the time, time and the place
I still wouldn't trade, trade where I come from
