

Where I'm From

Mozzy

I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from
I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from

I'm from where booties and hoes'll catch a body too (They do)
And quick to grab the clip and stick right off the count of two (They do)
I made the news and my whole city knew I wasn't playin'
Six-figure bond like a don, nah, I won't stand
Red jumper suits, county jail, nothin' cute
Bunch of old charges, I don't need nothin' new
Never send ya on a mission that I wouldn't do
Or couldn't handle with a rubber-handle.³²
They never stop printin' money, dummy
Go on and get ya some
They never styop makin' pistols, pussy
Go on and get ya one

I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from
I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from

Styrofoam full of acid
Thirty-pack in my ratchet
Niggas know the boy active
Niggas know I get it brackin'
Syrup shit got me lackin'
I ain't worried, though, what's happenin'?
I'm in the hood and you can ask me
Doin' hits in the maximum
We ain't givin' out passes
Fuck nigga, quit askin'
We ain't givin' out passes
Fifty bands in this mattress
On the porch for that package
Still bet on all Magnum
F&N in my fashion
Top rank is my status
Lotta niggas keep cannon
Yeah, I smoke a lotta cannabis

How you tell on your day-one?
Now your reputation damaged
All my lil bitches handlin'
Still ain't passin' out passes
Get stripped for bein' passive
Yeah, get stripped for bein' passive
Shoot your face off for practice
Line him up for them lashes
Tryna make somethin' happen
Niggas know I ain't just rappin'

I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from
I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from

I'm from where cocaine ain't a thing
And bitches doin' anything for the fame
I'm from where cocaine ain't a thing
And bitches doin' anything for the fame
Showin' love to all the OGs
And these numbers, all dope fiends
Pullin' up, I need the whole thing
Puttin' on for the whole team
Knots callin' when the phone rings
Slime gonna need more lean
Kush gone, gon' need more tree
Off the porch around 14

I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from
I'm from where nobody gets a pass
Everybody got a pistol, but nobody got a mask
Y'all know where I'm from
Where bitches just as treacherous as niggas
And the police just as crooked as the crooks that they be catchin'
Y'all know where I'm from
