

WILL IT EVER STOP RAININ

Mozy

They say when it rain, niggas get wet
You all I got in my corner, dawg, my nigga to death
I just pray you don't cross me
(PB on the track)

Will it ever stop rainin'?
All my niggas changed on me, will they ever stop changin'?
I don't wanna be famous no more, just here for the fortune
Give a fuck how niggas view me, that's no longer important
Will it ever stop rainin'?
All my niggas changed on me, will they ever stop changin'?
I don't wanna be famous no more, just here for the fortune
Give a fuck how niggas view me, that's no longer important
Just focused on scorin'

Will it ever stop rainin'?
Said, will it ever stop rainin'?
Moms ask the other day, "Is you gon' ever stop bangin'?"
I tell her, "Nah, this for a lifetime,"
I ain't been in my right mind, tryna shake the limelight, been blindsided
Love lil' bruh the way we love lil' bruh 'cause brodie died slidin'
I love big bruh the way they love me, blood, I keep 'em all shinin'
Was talkin' to the pigs, though it's forbidden, so we all tidy
Lookin' for a savior, it's been hard to find him
Please don't blame that Scully on your thuggy, I ain't authorizin'
Love the sound of gunshots, damn, that shit be harmonizin'
Damn, that shit be harmonizin'
I can't make amends with many men 'cause I'm uncompromisin'
Fuck what niggas advertisin', it ain't HGM in them, we known for blammin'
Double stack standard, it's ten M&M's, you know what's happenin'
I don't want you 'round me, you don't blow your blammer, on my grandma
Put your skeezy on, nigga, fuck them cameras

Will it ever stop rainin'?
All my niggas changed on me, will they ever stop changin'?
I don't wanna be famous no more, just here for the fortune
Give a fuck how niggas view me, that's no longer important
Will it ever stop rainin'?
All my niggas changed on me, will they ever stop changin'?
I don't wanna be famous no more, just here for the fortune
Give a fuck how niggas view me, that's no longer important
Just focused on scorin'

Will it ever stop rainin'?
Yeah, said, will it ever stop rainin'?
Pops asked the other day, "Is you gon' ever stop bangin'?"
I told him, "Nah, this for a lifetime"
And we ain't doin' drive-bys, we jumpin' out on eyesight, I don't eyes-eye
Love the slums the way I love the slums, I can't deny mines
Love to plug the way I love to plug, he threw me pipeline
Crackers trying to piece together timelines
Just talked to little bruh, to the box like I'ma fight mines, I feel that
If it was ever with HGM, the bitch is still that
Let 'em walk the yard with jackets on, nigga still rats
Streets'll never be what it once was, so I fell back
Tell them boys to suit up, get they L back
Draped his dog in diamonds, but ain't slidin', I can't smell that

Ain't that the truth? Lil' bruh told me, feel like I failed the youth
But sittin' inside a cell ain't cool
You ain't the only one, we felons too
You ain't the only one, we felons too

Will it ever stop rainin'?
All my niggas changed on me, will they ever stop changin'?
I don't wanna be famous no more, just here for the fortune
Give a fuck how niggas view me, that's no longer important
Will it ever stop rainin'?
All my niggas changed on me, will they ever stop changin'?
I don't wanna be famous no more, just here for the fortune
Give a fuck how niggas view me, that's no longer important
Just focused on scorin'
