Sup Ro, I fuck with my PA niggas
In the bounty like, let me get a three-way nigga
Took the bitch food stamps and her GA nigga
It's all in the game, EA nigga
Cherry clint, got a couple key way niggas
You talk on the shooter game, we ain't niggas
My attorney havin' lunch with the DA nigga
I'm just tryna get some wiggle with some lee-way nigga
Stay prop beans and a freeway nigga
I just caught a sucker nigga leakin' on the freeway nigga
We don't do no talkin' on these pre-paids nigga
Tactics that I learned from the d-game nigga
Bitches hit it like an instant rebate nigga
I'm a spend everything she made nigga
Headshot, neckshot, we ain't nigga
Double back on 'em, instant replay nigga

I'm a slither on behalf of my killers, that's word up
Hell yea my nigga, that's word up

I'm on you if would, but can't let nothin' slide
Same niggas ain't gonna kill nothin' or let nothin' die
Every time I rhyme I put on for my side
Cause the love is bullet proof, we them teflon guys
Residential area infested with crime
No regards for human life or respect when I slime
My nigga did nigga did his dougie, I'm respectin' his mom
Sacrifice his life, nothin' less for the tribe
Expected to do the time, it all come with the game
Sit it down and knock it out, you better not mumble a name
How am I to blame? Them niggas smoked my homies
It's God be alive, they ain't smoke my whoadie
Even though it's bunkie, niggas still in the streets
Pops on some other shit so I don't feel what he preach
If they kill me then they kill me, ain't no killin' the beef
My lil niggas killin' for me
I'm J Price

Hell yea my nigga, that's word up
I'm a slither on behalf of my killers, that's word up
