

Give a little love

Mr. President

Give a little love (3x)

Give me something you can't get back
What it is I'm needing that
My love so deep inside
It feels so good I just can't hide

To have you here I've tried
Your smiling face beside
Let's rise above
I got to give you just a little love

Shout it out if you feel my love
'Cause you know it comes from above
Shout it out if you feel my love
So pure like a dove

Gonna give a little love to my baby
Gonna give a little piece of my heart
Gonna give a little love to my baby
And I guess it will be not just a part

When you tell me that you love me
Tell me that you care
Make me feel like I got the world
In my hands

Give a little love (3x)
And maybe it's you

The world here in your hand
Your wish is my command
You know I'm here and how I care
And baby that I swear

You know I can't compare
I'll always treat you fair
Let's rise above
I got to give you just a little love

Give a little love (6x)

Na-ni-ni-na-na-na-na-na-na
Na-ni-ni-na-na-na-na-na (2x)

Na-ni-ni-na-na-na-na-na-na
Na-ni-ni-na-na-na-na- and maybe it's you
