Mr. President

Refrain

Goodbye, lonely heart

I've got a love it's gonna last forever

Goodbye, lonely heart

I've got a love we're gonna stay together Say we'll stay together-It will last forever singing about it from on high

Say we'll stay together-It will last forever tell your lonely heart goodbye...(goodbye) Strophe1 I used to be so very complicated little things would bear upon my mind didn't realize that I was

lonely told myself that everything was fine Strophe2 Friends told me long ago it was perplexing seeing me so sad and all alone didn't want no help from anybody thought that I could make it on my own Bridge

Until the moment when you're in love again there's no fear and then you just let yourself go... oohh... Interlude

Everything I never wanted

I just couldn't leave you if I tried oh oh ask me where I'll be tomorrow

I'll be standing right there by your side
